SofTrack Live Demonstration

Live demonstration of SofTrack in your environment or ours

Overview

SofTrack's Live Demonstration can be scheduled to meet your needs. We can present to as many persons in different locations as you require. Our live demonstration of SofTrack is presented via GoToMeeting or WebEx. You choose a time convenient to you and we will do everything else. We will customize your demonstration to speak directly to your environment. Your demo can directly use your environment or ours and includes details of Windows, Terminal Service/Citrix and Macintosh workstation support. A SofTrack specialist well versed in network administration will walk you through the product and help you understand how SofTrack can integrate into your environment.

SofTrack installs quickly and simply into your existing infrastructure with no downtime required. Contact us today for your live demonstration of SofTrack.

Benefits

- Quickly discover how SofTrack can help you in your environment;
- Organize on your time schedule, include as many persons in different locations as you require;
